

SIDEWINDER

Jumpcrouchstepleft aimfire.

A gaming device that combines the precision and control of a mouse with the agility and speed of a gamepad. An ingenious, easy-to-use piece of hardware that takes your right inside your favourite characters, making you more versatile, more agile and more deadly. The right hand rotating pod controls looking, aiming and firing, while the left hand controls agility movements such as running, dodging and side-stepping. It's called Microsoft® SideWinder® Dual Strike. And it's time you got your hands on one.

Play to win.
